Round Up Savings Application

Make saving money seamless. Every time CGSB processes your Visa Debit card purchases, a calculation occurs that “rounds up” the purchase amount to the next whole dollar or you can add up to \$5.00 to the “rounded up amount” to be saved or you can transfer a set amount up to \$5.00 with no “rounded up amount”. The round up savings amount chosen then gets deposited to the account or accounts of your choice.

For example:

You use your card for gas and the total purchase is \$35.50. Your checking account will receive a charge of \$35.50 for the gas and \$.50 transferred to savings. The total charge to checking is \$36.00 and you have just deposited \$.50 to your savings account! You can even split the “round up” amount between as many as three accounts.

If you have more than one debit card transaction process on your account in one day, the “rounded up” amount from all your transactions for that day will consolidate into one transfer or up to three transfers, if you elected to split your deposits between multiple accounts.

The “round up” transfer will not take place if:

Funds are not available in your checking account or your checking account balance is less than \$1.00.

Fill in the fields below, sign and return to us and **START SAVING.**

Name: _____

Checking Account: _____

Deposit to Statement Savings or other Checking Account.

Deposit to Account #1: _____

Deposit to Account #2: _____

Deposit to Account #3: _____

Round Up _____ Round Up+\$_____ Set \$_____

I agree to the terms and authorize Community Guaranty Savings Bank to process Round Up Savings transfers from the above listed account into the Deposit Account(s) listed.
